

100 CHART

Use this chart to look for patterns. Make copies of this to color in different sequences of numbers. Practice skip counting.

For example: Shade in all the even numbers (count by twos).

Put a black x on all the numbers divisible by 5 (count by fives)

Put a red x on all the numbers divisible by 4 (count by 4s)

What kind of pattern do you get if you color in the numbers by threes (starting with 3)?

Try some more: 6s, 7s, 8s, 9s, 10s.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
