

Ancient Egypt (3x)

(Music and Lyrics by Mr I-Yurgen Ilaender)

Oh! This is wild being on a magic carpet
Where are we going? Ancient Egypt

3, 6, 9, 12, 15, 18

Counting by three's, it's as easy as a sneeze

Achoo, Oh, Bless you! Why are you sneezing?
It's windy up here on this magic carpet
I got some desert sand in my nose

21 24 27 30 33 36 Counting by three's

Here we are in Egypt, on a magic carpet ride
See the pyramids of Giza and the famous River Nile
Hello Nefretiti, Hello Ramses the Second
Let's ask the Sphinx what he thinks when he multiplies

3X1 is 3, (echo), 3x2 is 6 (echo), 3x3 is 9 (echo) 3x4 is 12 (echo)
3x5 is 15 (echo) 3x6 is 18 (echo)

Wow, Look at that, the Valley of the Kings!

An ancient civilization, this is just terrific
What's this room, it's called a tomb
Can you read those hieroglyphics? Yes!

Good old King Tut was a very famous Pharoah
But now he's a mummy
And he looks a little scary

3x7 is 21 (echo) 3x8 is 24 (echo) 3X9 is 27,
3x10 is 30, 3x11 is 33, 3x 12 is 36 (Echo)

Help! There's a mummy chasing us
Mommy's chase us kids all the time
No! an Egyptian mummy
Oh, its just Gary, come on, get on the carpet

3, 6, 9, 12, 15, 18

Goodbye ancient Egypt, we really hate to leave ya
21, 24, 27, 30, 33 and 36 Counting by threes
It's as easy as a climbing Giza

Ah, can you please get off that pyramid. I was just joking about climbing
the great pyramid of Giza. Uh, No, Don't jump up to that next limestone
block. Ah, Will you come down from there!
