

Leonardo Da Vinci (10x)

(Music and Lyrics by David Pavane)

I'm Leonardo Da Vinci Born in 1452
Science, building, and painting
All of that I can do

You know I drew the first airplane
Long before it's time
Did anatomical studies with perspective and line

And I use mathematics
Just to get it right
I study multiplication from morning until night,

10 x 1 is 10 (10)
10 x 2 is 20 (20)
10 x 3 is 30 (30 we are hardly working)
10 x 4 is 40 (40)
10 x 5 is 50 (50)
10 x 6 is 60 Oh don't you just wanna kiss me -No
10 x 7 is 70 (70)
10 x 8 is 80 (80 dude)
10 x 9 is 90 (that's 90)
10 x 10 is 100 (100)
10 x 11 is 110 (110)
10 x 12 is 120 (120) Oh, oh,oh....Wooooow

I'm Leonardo Da Vinci born in 1452
Science, building, and painting
All of that I can do

I painted the Mona Lisa
With her secret smile
Near the tower of Pisa, where I lived for a while

And when I ran out of money
I found a rich old king
And if he paid me in gold coins, I would paint anything

He said now 10 x 1 is 10 Gold coins
10 x 2 is 20
10 x 3 is 30
10 x 4 is 40
10 x 5 is 50
10 x 6 is 60 Oh, oh, there's more that he should give me
10 x 7 is 70 That's better!!
10 x 8 is 80
10 x 9 is 90 Keep on counting, I'm not crazy
10 x 10 is 100
10 x 11 is 110
10 x 12 is 120 Hey King, thanks a lot 120 is plenty!!
